EXPERIENCE

EmployMePlease

City, ST

CEO Intern

Jan. 0000 – Present

- Optimized a customized system for job hunting to be 69% faster though automated scripts and AI, enabling myself to apply to 9000+ positions across 51 states in the U.S. while setting new personal-best records of career desperation
- \circ Boosted recruiter response rates by $\times \infty$ by using the X-Y-Z format, naming my resume First-Last-Resume.pdf, and not over-bolding technical skills such as Microsoft Office, Google Suite, and ChatGPT

PROJECTS

Emuser: A Painful LaTeX Resume Template

Dec. 2023 – Present

Expanded accessibility of creating professional resumes by introducing 6 modular components with intelligent formatting

Writing Tips

January 2023 – January 2023

- Avoid spelling mistakes
- Beware: '—' is different from '|'
- o Play around with font sizes, families, and styles (just be consistent)
- Can use periods (just be consistent).
